RE: LONG VALLEY DIST.

Dear Mr. Johnson:

I have your letter of January 31st with reference to incorporation and while I am no attorney I would say that if the company was incorporated there should be a record of the filing of the articles with the Secretary of State. I suggest that you write to the Secretary of State asking when the articles were filed in his office and that will develop whether or not they ever were filed.

I should like to be helpful but believe that the only safe thing with reference to incorporation would be to consult an attorney.

Yours very truly,

State Engineer
